# Yes, Hurricane Laura hit the Ruth Institute

Yes, we got hit by the flash floods on May 17, 2021

What I learned from all this:

I'd rather go through a natural  
disaster than  
A moral catastrophe.

Don't feel overwhelmed!  
You don't need to know everything.

**Just enough to feel confident that:  
you are doing the right thing,  
And that you can find the right information.**

# Tactical Tips: on green slides throughout.

- You need to maintain your confidence.
- Your opponents want you angry or scared or both.
- Don't give them the satisfaction.
- This is why I am giving you far more material than you can master: this way, at least you know your position can be defended, even if you can't do it at the moment!

# Two big points:

- Part I:
  - What do we stand for? What are we trying to defend? What are the Revolutionaries trying to break down?
  
- Part II: The Big Ideas that you must master.
  - There are only 3 Big Ideas. Everything you encounter can be broken down into these 3 Big Ideas.

Two big points:

- Part I:
  - What do we stand for? What are we trying to defend? What are the Revolutionaries trying to break down?
- Part II: The Big Ideas that you must master.
  - There are only 3 Big Ideas. Everything you encounter can be broken down into these 3 Big Ideas.

The Ruth Institute has a dream:

*that every child be welcomed into a loving home with  
their own mother and father married to each other.*

## The Ruth Institute's dream:

*So that:*

Every child can have a ***relationship*** with his or her own parents, unless some *unavoidable tragedy* takes place to prevent it.

Every adult, *without exception*, can know his or her cultural heritage and genetic identity.

- When these rights are violated, we call this a ***structural injustice to the child.***

# What is owed to the child?

- **Identity:**

- “Every person has the right to know his or her cultural heritage and genetic identity.”

- **Relationship:**

- “Every child has a right to a relationship with their natural mother and father except for an unavoidable tragedy.”

# How can we secure these rights to the child?

- Make a plan for parents to cooperate with each other for a lifetime.
- → best chance for kids to be in relationship with both parents.

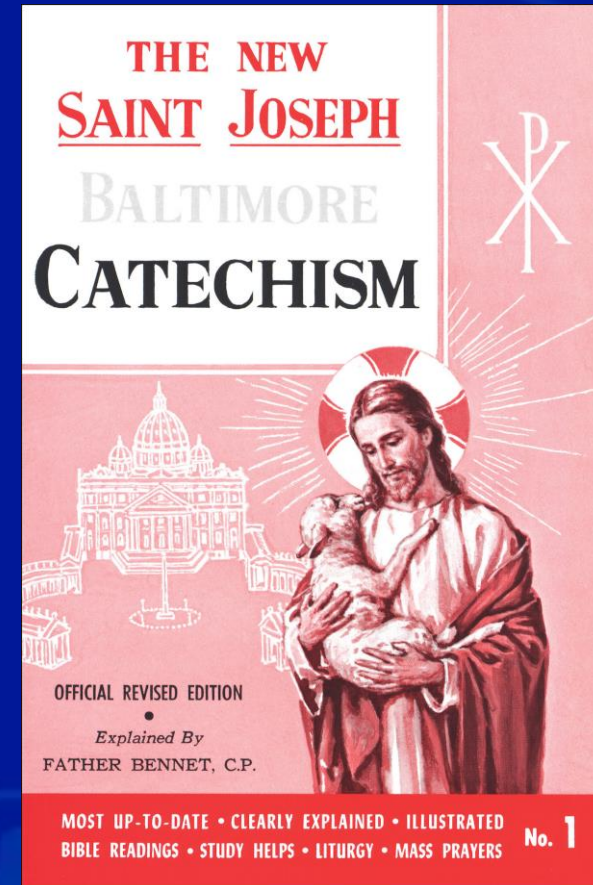

# “Thou Shalt Not...”

- No sex before or outside of marriage.
- No divorce without cause.
- No petty criticism of your spouse.
- No Third-Party Reproduction.

Or to put it in positive terms:

“No petty criticism of your spouse”  
always part of the traditional package:

- Baltimore Catechism, Question #466: What are the chief effects of the sacrament of matrimony?
- “the special help of God for husband and wife to love each other faithfully, *to bear with each other’s faults* and bring up their children properly.”

# Lifelong cooperation plan

- Get married before having sex.
- Only have sex with your spouse.
- Stay married unless someone does something really awful.
- Be nice to your spouse.
- In other words →

# Traditional Christian Sexual Morality!

## The Social Result:

- For every child, a mother and a father.
- For every man, one wife.
- For every woman, one husband.
  
- This is justice and equality.
- The Ancient Christian teachings secure this kind of justice and equality for all.
  
- **The Church has been right all along!**

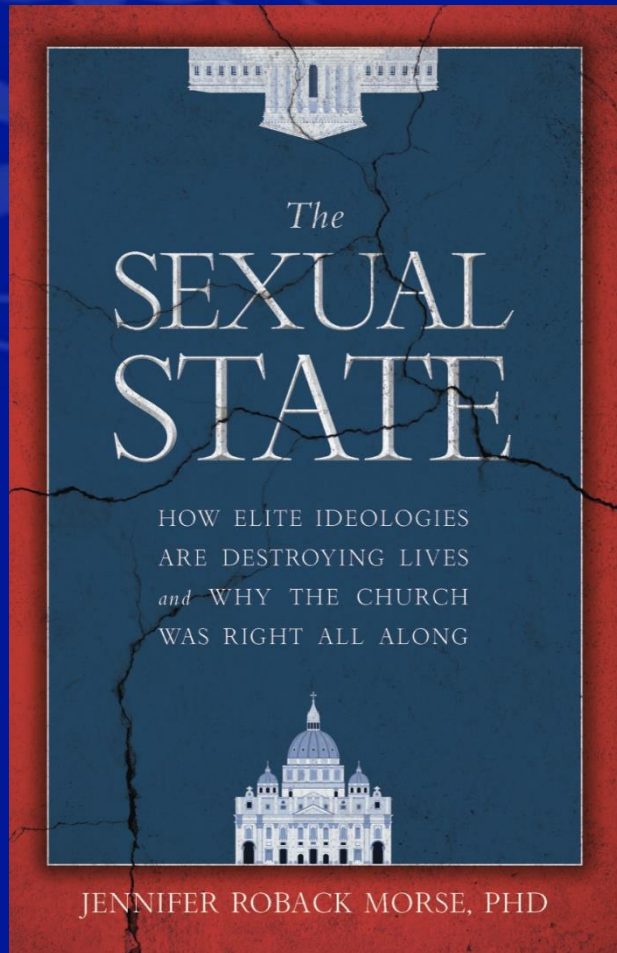

## Tactical Tip:

- Never miss an opportunity to state your core beliefs!
- Don't repeat your opponents' talking points!

# Two big points:

- Part I:
  - What do we stand for? What are we trying to defend? What are the Revolutionaries trying to break down?
  
- Part II: The Big Ideas that you must master.
  - There are only 3 Big Ideas. Everything you encounter can be broken down into these 3 Big Ideas.

# The Sexual State answers this question: What is the Sexual Revolution?

- New craziness from the Sexual Revolutionaries every day. Can't possibly keep up!
- Providing the structure helps you make sense of each new outrage.
- There are really only 3 ideas you have to master.
- *You cannot neglect any of them!*

The Sexual Revolutionaries hold that a good and decent society should:

1. Separate sex from babies.

***The Contraceptive Ideology.***

2. Separate both sex and babies from marriage.

***The Divorce Ideology.***

3. Wipe out all differences between men and women, *(except those explicitly chosen by individuals.)*

***The Gender Ideology.***

# Developed this typology during Marriage Debates.

I realized that people had already redefined marriage in their minds:

1. Separate sex from babies.
  - *(The sexual act is unimportant: completely privatized.)*
2. Separate both sex and babies from marriage.
  - *(Attaching kids to their parents is unimportant. Biological parenthood is unimportant.)*
3. Wipe out all differences between men and women.
  - *(The sex of the body is unimportant.)*

The public couldn't figure out why we  
were “holding out” on affirming same  
sex “marriage!”

**We must be “*haters.*”**

Individual 45-minute talks on these 3 topics.

# Tactical Tip:

If you study a topic for 30 minutes a day, at the end of 5 years,

**You will be an expert .**

Let's take these three in reverse order:

1. Separate sex from babies.

***The Contraceptive Ideology.***

2. Separate both sex and babies from marriage.

***The Divorce Ideology.***

3. Wipe out all differences between men and women, *(except those explicitly chosen by individuals.)*

***The Gender Ideology.***

# What is the Gender Ideology?

Men and women are identical.

*Except women are better.*

*Therefore:*

*Wiping out all differences between men and women is a moral imperative.*

# New gender ideology:

- Wipe out all differences between men and women,
  - Except:
    - *Those the individual specifically chooses to embrace.*

# Who benefits from and finances the Gender Ideology?

- Large foundations, some funded by self-described gay men.
- Pharmaceutical companies.
- Men. *Some feminists are rethinking their commitments.*

THE SEXES

## Who Are the Rich, White Men Institutionalizing Transgender Ideology?

*Exceedingly rich, white men (and women) who invest in biomedical companies are funding myriad transgender organizations whose agenda will make them gobs of money.*

# What does “transgender” mean?

- “Intersex” individuals
- Autogynephilia
- Predators
- Pretenders
- Munchausen by Proxy
- Gender Dysphoria among young people:
  - Rapid onset gender dysphoria (ROGD)
  - Autism
  - Same sex attracted or not ‘gender typical.’

# Summit for Survivors of the Sexual Revolution, 2021

- Dr. Erin Brewer, “The Psychology of the Trans-Minded Client.”

The video player shows a woman with grey hair, Dr. Erin Brewer, speaking at a podium. The podium features the Ruth Institute logo, which includes the text "RUTH INSTITUTE" and "DEFENDING THE FAMILY". Behind her is a large screen displaying a presentation slide titled "What Is Transgender?". The slide lists four bullet points: "▶ Autogynephilia", "▶ Predators and Pretenders", "▶ Munchausen by Proxy", and "▶ Gender Dysphoria". A subtitle at the bottom of the video reads: "We also have predators and pretenders, and I'm going to go into that in a little bit". The video player interface includes a search bar, a play button, a progress bar showing 2:50 / 20:18, and various control icons.

## Tactical Tip:

**When someone uses one term to mean six different things,  
they are up to no good.**

**Watch your language!**

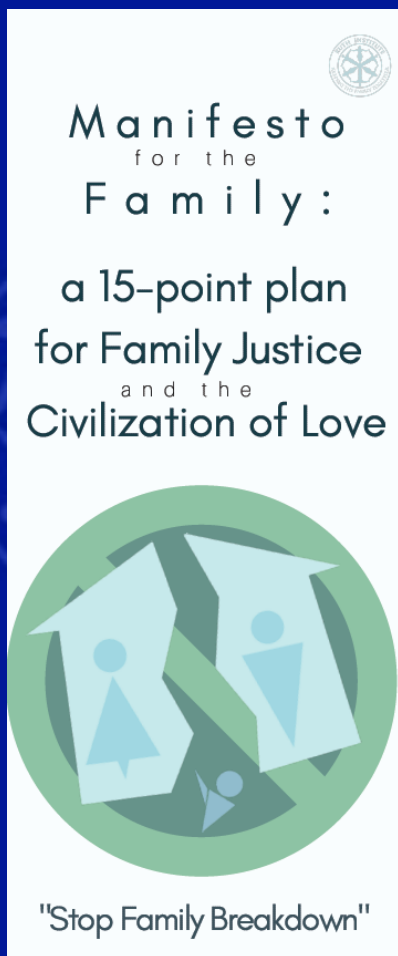

# Do not use their terminology!

- My preferred term is: “Bruce Jenner is a man who says he is a woman.”
- You can call a person by their preferred name, if you want. But:

# Use the correct pronouns!

# Manifesto for the Family: #1. Abolish sex ed.

- 1. End sex education in public schools.**  
Condoms on bananas? Masturbation techniques? Children should learn sexual information from their parents in the privacy of their homes, not from strangers in a public place.
- 2. Abolish taxpayer-funded Women's Studies and Gender Studies programs in colleges and universities.**  
These programs are propaganda-creation machines for the Sexual Revolutionary State. Professors with something of value to say can find jobs in other academic departments.

# Contradictory visions: Title IX and Women in Sports

Norma Cantu, sent a “Dear Colleague” letter in 1996.  
[https://www.nas.org/articles/the\\_strange\\_career\\_of\\_title\\_ix](https://www.nas.org/articles/the_strange_career_of_title_ix)

- “Title IX was enacted in order to *remedy discrimination that results from stereotyped notions of women's interests and abilities.*”
- 1<sup>st</sup> Circuit court decision, 1996, *Cohen v. Brown University*
- Quoted in *The Strange Evolution of Title IX*  
<https://www.nationalaffairs.com/publications/detail/the-strange-evolution-of-title-ix>

# Contradictory Visions: Women in Sports

- Title IX became the Obama Era basis for transgender athletics.

# How do these versions of the Gender Ideology fit together?

- The human body is unimportant, and can be transcended
  - Through social reconstruction (some forms of feminism)

Or

- Through individual reconstruction, with the help of the law and technology. (transgenderism)

# Tactical Tip:

- The L's, including the radical feminists, are in open warfare with the T's.
- You may find yourself with allies you didn't expect.
- People are rethinking their fundamental beliefs.
- Your chance to share the Gospel!

# The Divorce Ideology: Kids Don't really need their own parents.

Includes more than divorce: any adult plan (apart from unavoidable tragedy) that separates kids from one or both parents.

- Unmarried parenthood
- Third party reproduction.

# Who benefits from the Divorce ideology?

- The Family Law Bar consistently opposes all attempts at meaningful divorce reform. \$\$\$
- The family courts have enormous intrusive power into family life. **Power.** *(Do not underestimate the pleasure from petty exercises of power.)*
- People who enjoy indulging themselves.

# Tactical tip:

- Prepare yourself to talk about the whole Sexual Revolution.
- Your opponents will intuit any “soft spots” in your thinking and zero in on those.

# Helpful organization on the Divorce Ideology

- Them Before Us.  
<https://thembeforeus.com/>
- Advocacy for kids having permanent relationships with their parents.

# Manifesto for the Family

# STOP

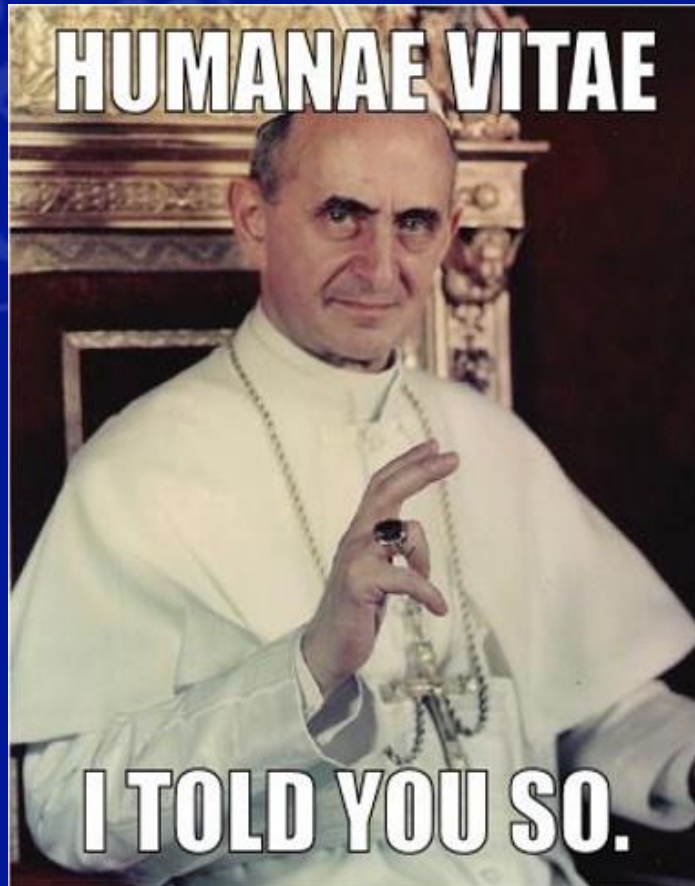

THE GOVERNMENT  
MUST STOP DOING  
THESE THINGS:

(Which it never had any business doing in the first place.)

### 3. Reform divorce laws.

Allow the State to consider adultery and other marital faults in divorce, custody, and property settlement. Separating children from a biological parent without compelling reason is unjust. "Because I don't want to have a relationship with my child's other parent," is NOT a compelling reason to deprive children of their birthright.

Ruth Institute does not focus on the supernatural or theological

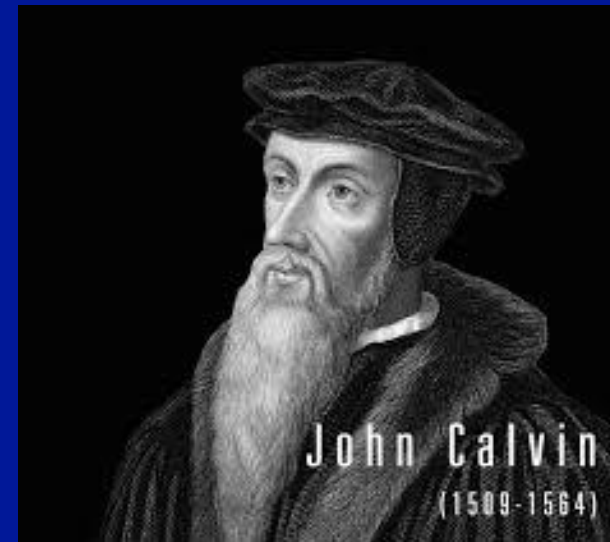

- Rather: what contraception has done to society.
- Sex is normally a sterile activity with no moral or social significance.

# Not a theological talk, although...

Martin Luther opposed it.

John Calvin opposed it.

All Christian churches opposed contraception until the  
Anglican Lambeth Convention in 1930.  
“Married couples for serious reasons.”

My focus is not theological, but rather a sober look at  
what this ideology has done to society.

# The Ideology v. The Technology

- First Demographic Transition
- Fertility declined by half
- Discovered in 1929, based on evidence from the previous 200 years
- (The FDA approved The Pill in 1960.)
- Just a bit before The Pill!

# How did they do it?

## Jolly Peasants

## Not The Pill

# How did they reduce fertility?

- Delayed age at first marriage.
- Periodic abstinence
- Extended lactation
- Coitus interruptus
  
- Except for the last, these are all morally permissible.

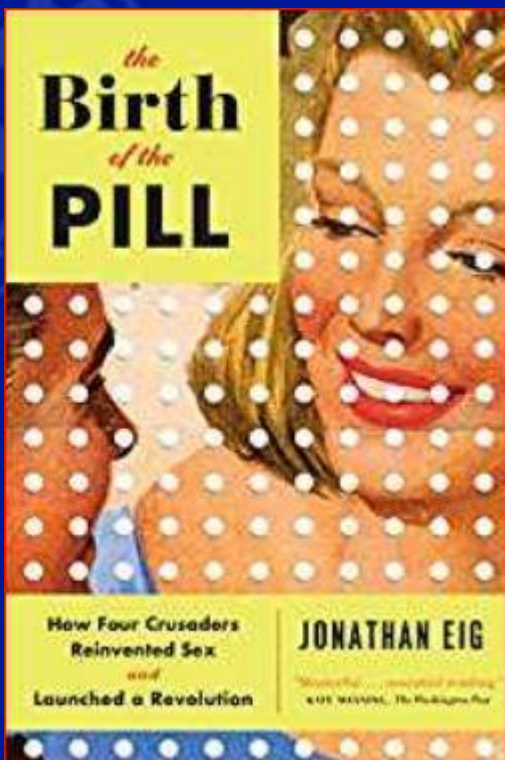

# What was the point of The Pill?

- Margaret Sanger's mother who had 12 kids?

## What did they really want?

- “85% effectiveness is no good to anyone.” Jonathan Eig, author of *The Birth of the Pill: How Four Crusaders Reinvented Sex and Launched a Revolution*
- Current effectiveness of The Pill is 91%.
- Recreational sex outside of marriage.
- Sterile sex as the norm.

# Manifesto for the Family

Manifesto  
for the  
Family:

a 15-point plan  
for Family Justice  
and the  
Civilization of Love

"Stop Family Breakdown"

**STOP**

THE GOVERNMENT  
MUST STOP DOING  
THESE THINGS

(Which it never had any business doing in the first place.)

**5. Cease governmental promotion and subsidization of contraception.**

Contraception is legal. It does not need to be free. The government has no business promoting it, or otherwise influencing people's reproductive decisions.

**6. Abolish abortion.**

Legalized killing cannot be a genuine or humane solution to any health or social problems.

Why did the Revolution “pivot” to transgenderism after redefining marriage?

*Because it was never really about marriage. It was about The Revolution.*

*Transgenderism furthers the goal of destabilizing the sex of the body.*

# For the True Revolutionary:

- The “issue” is never the issue.
- The issue is ALWAYS the revolution.
- And the purpose of the Revolution is POWER.

# The Problem With The Sexual Revolution:

- 1. Separate sex from babies.
  - ***Sex does make babies!***
  - 2. Separate both sex and babies from marriage.
  - ***Kids do need their parents!***
  - 3. Wipe out all differences between men and women, *(except those explicitly chosen by individuals.)*
  - ***The body actually is significant!***
-

# The Sexual Revolution:

Is irrational and impossible.

It cannot stand on its own. It requires:

force

propaganda

A totalitarian ideology that no Christian should have anything to do with.

# Fantasy Ideologies:

- “Soft power” intellectual systems to further the accumulation of hard power.
- disarm potential victims
- Empower and embolden the already powerful.
- The ultimate goal is to remake human nature itself.

# Fantasy Ideologies always target:

- The Family
- The Church

毛泽东同志是当代最伟大的马克思列宁主义者  
chinese-posters.net

# The Family blocks unlimited power

- The family can regenerate itself naturally.
- The family doesn't need the State.
- The family creates alternative systems of loyalty.
- The family provides economic, social and spiritual support and hence, independence.
- Fathers are natural authority figures who compete with the State.

# Tactical Tip:

- Imagine you are a soldier in a real war.
- Why? Because you are!
- What does a soldier need?
  - Preparation prior to battle.
  - Courage in the battle.
  - Discipline, before, during and after the battle.

# NO Whining! Almighty God put:

- You and I
- In this time
- This place
- To solve this problem.

# Christians: Enemies of the Human Race

- From the beginning, the Church has been telling the rich and powerful they don't get to do whatever they want.
- St. John Chrysostom scolds the Empress.
- (Who even remembers her name today?)
- (Aelia Eudoxia)
- We will endure.
