# Children affected by divorce:

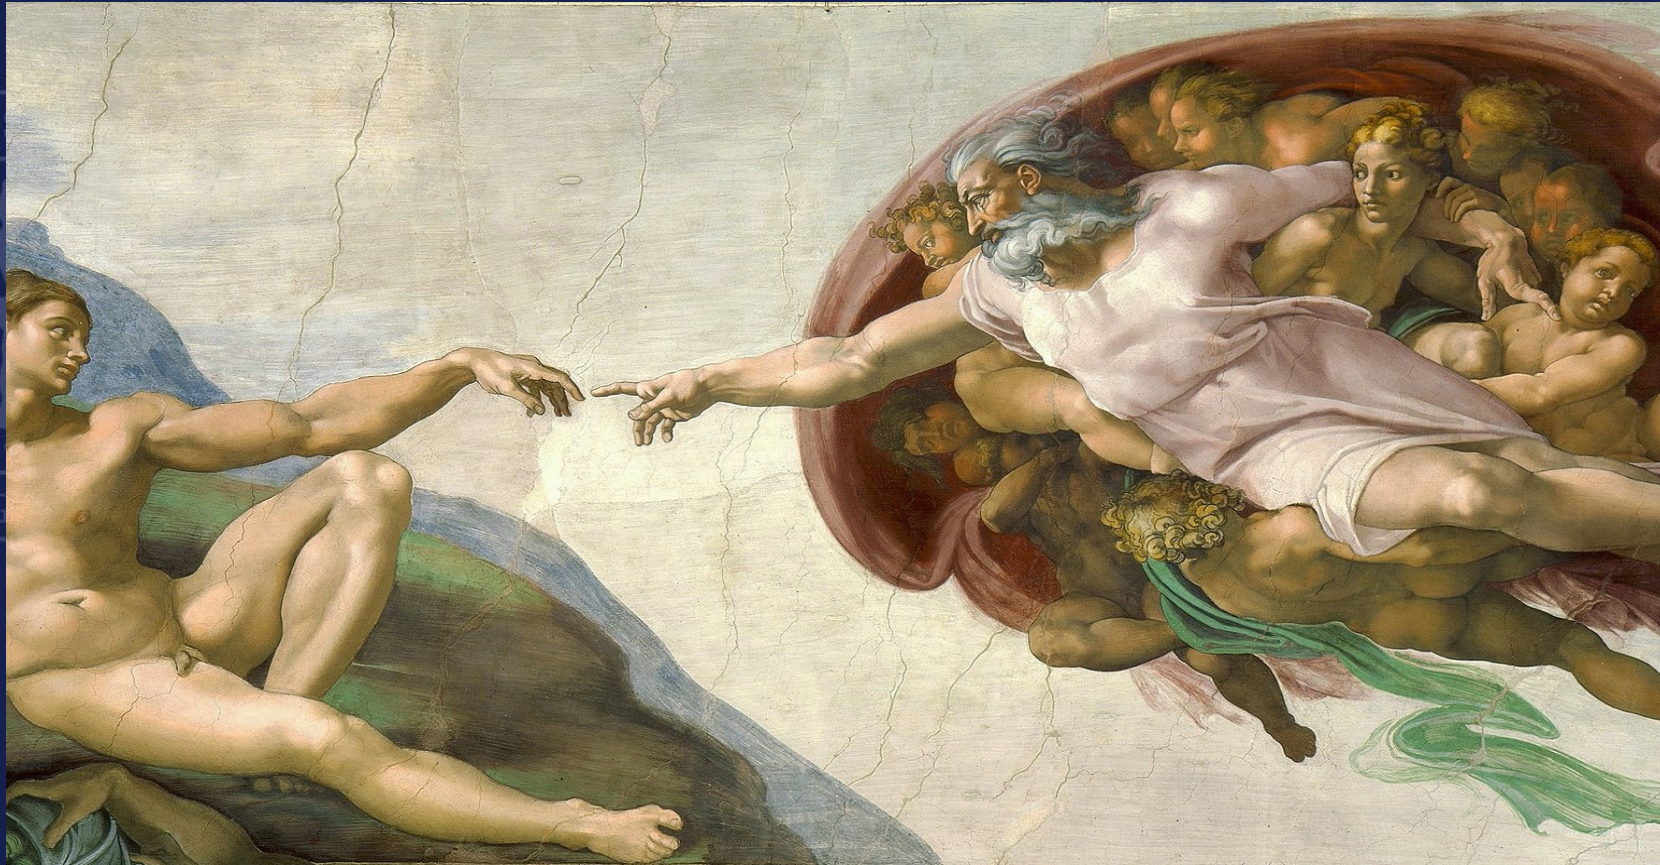

- Around 300,000 in 1950
- Now over a million children per year see their parents divorce.

# Unmarried parents.

- Unmarried moms, 1940, under 5%.
- Unmarried moms today, 40%.
- Unmarried Millennial moms, 57%.

# What is owed to children?

- **Identity:** “Every person has the right to know his or her cultural heritage and genetic identity.”
- **Relationship:** “Every child has a right to a relationship with his or her natural mother and father except for an unavoidable tragedy.”

# What is owed to the child?

- Do kids have access to their parents?
- Do kids even know who their parents are?

# How can we secure these rights to the child?

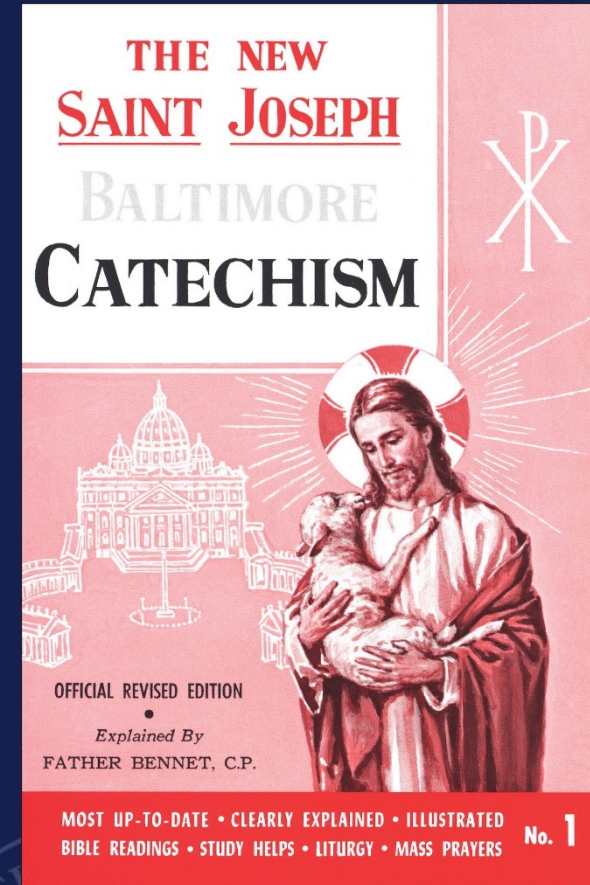

- Make a plan for parents to cooperate with each other for a lifetime.
- → best chance for kids to be in relationship with both parents.

# “Thou Shalt Not...”

1. No sex before or outside of marriage.
2. No divorce without cause.
3. No sperm or egg donation.
4. No petty criticism of your spouse.

# Baltimore Catechism, Question #466:

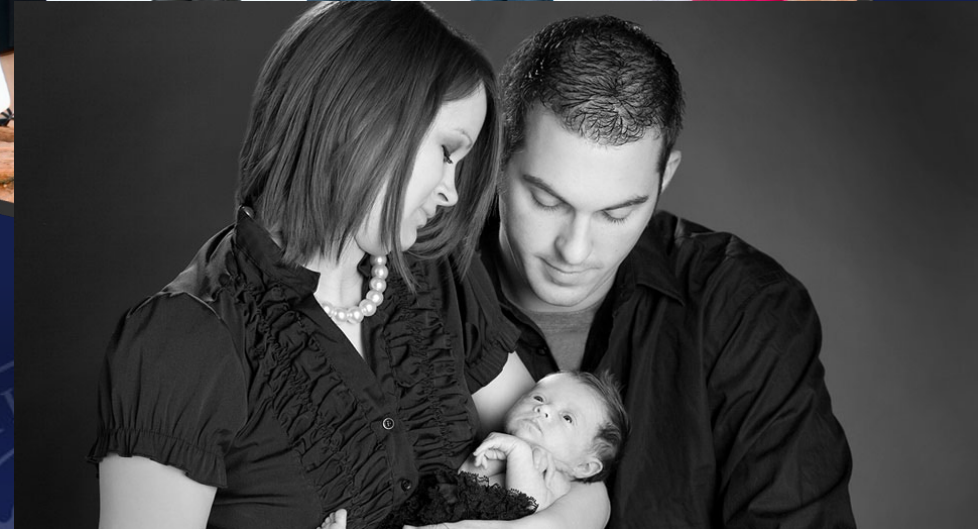

- “What are the chief effects of the sacrament of matrimony?”
- “the special help of God for husband and wife to love each other faithfully, *to bear with each other’s faults* and bring up their children properly.”

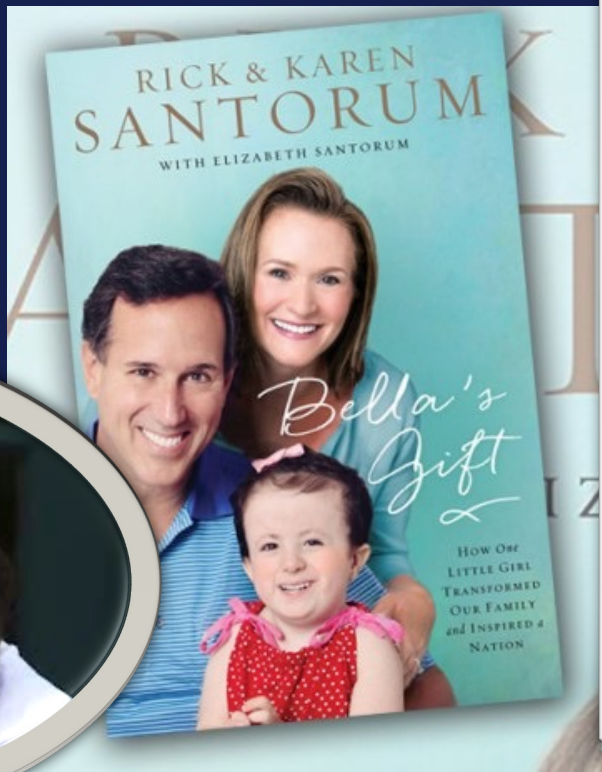

# Lifelong cooperation plan

1. Get married before having sex.
2. Only have sex with your spouse.
3. Stay married unless someone does something really awful.
4. Be nice to your spouse.
5. Be satisfied with the number of children God gives you.

# Be satisfied with the number and timing of children God gives you.

God gives you. (The Santorum Family.)

# The Social Result:

- For every child, a mother and a father.
- For every man, one wife.
- For every woman, one husband.
- Authentic “reproductive” equality.
- Authentic “social justice.”
- Traditional Christian Sexual morality secures this kind of equality and justice for all.

# What about adoption?

- For the child, Adoption always results from a loss.
- Give them the best we can:
  - A relative
  - A stable, happily married couple.

# Rockefeller, Soros, Gates, Buffet

# Epstein, McCarrick, Weinstein, Clinton

# Contraceptive Failure Options:

- ❑ Get married, and raise the child together.
- ❑ Both parents relinquish parental rights and place the child for adoption.
- ❑ One parent raises the child alone, with limited and uncertain contact with the other parent.
- ❑ Abort the child.
- ❑ *No Justice for the child!*

The contraceptive system is:

Unjust to Children.

When something hard needs to be done:

The Adults should  
do the Hard Thing,  
Not the Children.

# David Rubin

2 Dads =  
2 missing gestational  
moms (surrogates) +  
1 or 2 missing genetic  
moms (egg donors).

When something hard needs to be done:

The Adults should  
do the Hard Thing,  
Not the Children.

# American Psychological Association:

*There is **no consensus** among scientists about the exact reasons that an individual develops a heterosexual, bisexual, gay or lesbian orientation. Although much research has examined the possible **genetic, hormonal, developmental, social and cultural** influences on sexual orientation, **no findings have emerged** that permit scientists to conclude that sexual orientation is determined by any particular factor or factors.*

In other words: no scientific basis for “born that way.”
