HISTORY Since its inception in 2018, The Annual Awards Dinner and Summit for Survivors of the Sexual Revolution has become one of the signature educational programs of the Ruth Institute. The Summit is built around the idea that the Sexual Revolution has harmed millions of people who are systematically silenced by mainstream culture. Children of Divorce, Post-Abortive Women, Refugees from the Hook-up Culture or the LGBTQ and Transgender Subcultures, these people and many more are socially invisible. Yet, if their stories were known, many people would change their minds about the desirability of the Sexual Revolution.
