

Ruth Institute Summit Pitch Angles

NEWS HOOKS

Gender ideology is a hot topic in the news as many parents push back against the indoctrination of their children.

“Preferred pronouns,” co-ed bathrooms, forced gender ideology and sex-ed classes for preschoolers, pornographic library books — that’s what parents are dealing with now.

The Summit for Survivors of the Sexual Revolution will provide parents, and all participants, with the tools they need to combat the multi-pronged attacks on traditional Christian sexual ethics, which plague our culture.

The “Progressive” Movement actively suppresses those who have been harmed by the trans and LGBTQ agenda.

While the Leftists give a loud voice to the trans and LGBTQ agenda, they conveniently ignore the large number of individuals who have been harmed by falling into their ideology. Post-trans and no-longer-gay speakers will share their stories and help others like them at the Ruth Institute Summit.

Pro-abortion and pro-gender ideologies are anti-science.

The Ruth Institute uses scientifically sound evidence, carefully reasoned arguments, and compelling personal testimonies to expose the hidden dangers of the Sexual Revolution. Pro-abortion and pro-gender ideologies are anti-science by ignoring basic biology that says when life begins and that biological sex is unchangeable.
